

Blackwood Alpine Ride – Woolcock Award

- During the Blackwood Alpine Ride each School will be asked to nominate a student to receive the Woolcock Award.
- In nominating a student for the award we are not looking for the best rider in the group – the student does not have to physically complete the ride to be nominated for the Award.
- The nominated student **MUST** satisfy – in your eyes – the following criteria.

- Selection criteria for a student to receive the Woolcock Award include:-
 - Training - In preparation for the ride
 - Teamwork - Ability to work within the group supporting all the students & staff
 - Tenacity - The ability to accept the challenge and challenge themselves beyond their comfort zones
 - Participation - Their spirit and willingness to try their best
 - Encouragement - Their ability to encourage and support others within their group
 - Service - Helping to support their group to prepare, participate and enjoy the experience of the ride

- Please keep this in mind while training and preparing for the Alpine Ride.
- We look forward to riding with you, your students and your staff throughout the Alpine Ride, and awarding a student within your group the Woolcock Award.
- Thank you.
